RETIREMENT – Mr. R.A. BUGGINS

Mr. Buggins, who joined the Company on the 14th July 1932, decided to call it a day on Wednesday 28th February 1973.

Mr. Buggins, who was interviewed by Mr. Frank for the vacancy in the Soft Furnishing Department at Slough, was taken in a month's trial, yet has been with us ever since.

When the business expanded sufficiently to require an outside representative, there was an obvious choice for this important job – Ron Buggins. He did this job so well and so efficiently that our customers repeatedly rang us to have that "nice young man" to call again for further orders and work.

During the war he was called up and served in the Royal Navy and saw quite a lot of active service afloat. On demobilisation he returned to his previous job and kept it until the early 1960's when, due to increased expansion as a result of our rebuilding of the Slough store, he was brought inside to help with the greater number of customers coming into the store.

Unfortunately Mr. Buggins developed heart trouble in the latter part of the sixties, and had to ease up with his work. He has been with the Company's subsidiary, Fisher & Denning Ltd. At India Road, where he was always looking after the Company's interest.

All of us wish him and his wife many happy years of retirement together. Everyone must agree that Suters were very fortunate in having such a likeable and pleasing person to work with. The world could do with a lot more people of his calibre. It would be a happier place to live in.

It is understood that after a short rest and a holiday he will be coming back on a part-time basis, something that will keep him interested and active, and at the same time helping the company with its work.

J.D. Suter,
Director.
